Independent Auditor's Report

To the Board of Directors
League Association of Risk Management
Lincoln, Nebraska

Opinions

We have audited the accompanying financial statements of League Association of Risk Management, which comprise the balance sheets – statutory basis as of September 30, 2025 and 2024, and the related statutory statements of revenues and expenses, changes in surplus, and cash flows for the years then ended, and the related notes to the statutory financial statements.

Unmodified Opinion on the Statutory Basis of Accounting

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the balance sheets – statutory basis of League Association of Risk Management as of September 30, 2025 and 2024, and the related statutory statements of income, changes in surplus and cash flows, for the years then ended, in accordance with the financial reporting practices prescribed or permitted by the Insurance Department of the State of Nebraska as described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” section of our report, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of League Association of Risk Management as of September 30, 2025 and 2024, or the changes in its surplus for the years then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of League Association of Risk Management and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified audit opinion on the statutory basis of accounting and our adverse opinion on U.S. generally accepted accounting principles.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by League Association of Risk Management in accordance with the financial reporting practices prescribed or permitted by the Insurance Department of the State of Nebraska, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the Insurance Department of the State of Nebraska. The effects on the financial statements of the variances between the statutory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting practices prescribed or permitted by the Insurance Department of the State of Nebraska. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of League Association of Risk Management's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about League Association of Risk Management's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

LEAGUE ASSOCIATION OF RISK MANAGEMENT

Notes to Financial Statements

September 30, 2025 and 2024

(1) Summary of significant accounting policies:

(a) Nature of organization:

The League Association of Risk Management (the Pool) is a risk management pool created under the provisions of the Intergovernmental Risk Management Act and the Interlocal Cooperation Act of the State of Nebraska. The Pool was created for the purpose of Nebraska municipalities to act jointly to provide risk management services and insurance coverage in the form of group self-insurance or standard insurance, including any combination of group self-insurance and standard insurance, to protect members against losses arising from general liability, property damage, destruction or loss, errors and omissions liability, and workers' compensation liability. Any county, city, village, school district, public power district, rural fire district, or other political subdivision of the State of Nebraska, the State of Nebraska, the University of Nebraska, and any corporation whose primary function is to act as an instrumentality or agency of the State of Nebraska is eligible to participate as a member of the pool.

The Pool is financed through the annual and supplemental contributions paid by the participating entities, through income earned from the investment of the Pool's funds, and through any other monies, which may be lawfully received by the Pool and made part of the Pool's assets. The Pool provides group self-insurance coverage for automobile physical damage, comprehensive property - all risk, boiler and machinery, basic crime, general liability, automobile liability, law enforcement liability, public officials liability, employment practices liability, non-monetary relief defense expense, reimbursement of criminal defense expense, workers' compensation, employers' liability, cyber liability, and terrorism.

The Pool is operated by a Board of Directors consisting of elected and appointed officials or employees of the Pool members. The Board has the power to establish the coverage document, ensure that all claims covered by the document are paid, take all necessary precautions to safeguard the assets of the Pool, and make and enter into any and all contracts and agreements necessary to carry out any of the powers granted or duties imposed under the Pool formation agreement, the Pool's bylaws, or any applicable law or regulation.

(b) Basis of presentation:

For purposes of this statement, the Pool uses the statutory basis of accounting as prescribed by the Insurance Department of the State of Nebraska, which is a comprehensive basis of accounting other than generally accepted accounting principles. Under the statutory basis of accounting, certain fixed assets and prepaid expenses are not recognized on the balance sheet.

(c) Investment income:

Investment income consists primarily of interest and is recorded as earned.

(d) Contributions:

Contributions are earned over the terms of the related coverage document and reinsurance contracts. All coverage documents coincide with the fiscal year of the Pool. Unearned contribution reserves are established to cover the unexpired portion of contributions written. Such reserves are computed by pro rata methods for direct business and are based on reports received from ceding companies for reinsurance.

(e) Unpaid loss and loss adjustment expenses:

Unpaid loss and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are reviewed and any adjustments are reflected in the period determined.

See independent auditor's report.

Notes to Financial Statements (Continued)

September 30, 2025 and 2024

(1) Summary of significant accounting policies: (Continued)

(f) Reinsurance:

In the normal course of operation, the Pool seeks to reduce the loss that may arise from events that cause unfavorable underwriting results by reinsuring certain levels of risk in various areas of exposure with other insurance enterprises or reinsurers. Amounts recoverable from reinsurers are estimated in a manner consistent with the reinsurance policy.

(g) Income taxes:

The Pool is exempt under Section 115 of the Internal Revenue Code. Accordingly, no provision for income taxes is required and the Pool is not required to file any returns or reports with the Internal Revenue Service related to income taxes.

(h) Management estimates:

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions may affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

(2) NLC Mutual Insurance Company:

The Pool joined the NLC Mutual Insurance Company (NLC) as of October 1, 2002. NLC is a mutual insurance company, formed with the assistance of the National League of Cities in 1986.

Each entity is charged a capitalization fee based on a percentage of premiums. The Pool contributed a total of \$377,664, which is reflected on NLC's financial statements as member surplus. In addition, NLC allocates a portion of their net income to the member surplus each year. As a mutual company, NLC returns earnings that are not needed to pay claims and the expenses of operations to the members in the form of dividends. NLC paid dividends of \$7,447 (September 30, 2025) and \$22,525 (September 30, 2024). The total member surplus reflected on NLC's financials for LARM were \$3,516,248 (September 30, 2025) and \$3,357,912 (September 30, 2024).

The Nebraska Department of Insurance classifies this investment as non-admitted as it is not easily liquidated into cash.

(3) Cash on deposit and investments:

Cash on deposit, which includes cash in checking accounts, certificates of deposit with original maturities of one year or less, and money market deposit accounts are carried at cost, which approximates market value. The Pool maintains its cash on deposit in financial institutions that are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000.

Long term investments are investments with original maturities of more than one year. Included in long term investments are certificates of deposit and governmental agency bonds. Certificates of deposit are carried at cost, which approximates market value. Statutory accounting principles require that bonds be reported at amortized cost.

Statutes authorize the Pool to invest in bank certificates of deposit, repurchase agreements collateralized by U.S. government and government-guaranteed obligations, or U.S. agency and instrumentality obligations and mutual funds that invest in these investments.

For purposes of this footnote, the cost basis does not include checks issued and outstanding.

See independent auditor's report.

The Pool has adopted Statement of Statutory Accounting Principles (SSAP) No. 100, *Fair Value*. This standard defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Pool considers the primary or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance.

The Pool classified its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. SSAP 100 describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value, which are the following:

- Level 1 – Quoted prices in active markets for *identical* assets or liabilities.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly; such as quoted prices for *similar* assets or liabilities, quoted prices in markets that are not active; or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Bonds – Mortgage and Other Asset Backed Bonds: Valued based on Residential Mortgage Backed Securities modeling file provided by FINRA. The prepayment assumptions used for single class and multi-class mortgage backed/asset backed securities were obtained from broker/dealer survey values. These assumptions are consistent with the current interest rate and economic environment.

The Pool regularly reviews its investment portfolio for factors that may indicate that a decline in fair value of an investment is other than temporary. Based on an evaluation of the prospects of the issuers, including, but not limited to 1) the Pool's intentions and ability to hold the investments; 2) the length of time and the magnitude of the unrealized loss; 3) the credit ratings of the issuers of the investments, and 4) other information specific to the issuer, the Pool has concluded that any declines in the fair values of the Pool's investments in bonds at September 30, 2025 and 2024 are temporary and are presented on the following page.

(4) Retirement plan:

The Pool maintains a 401(a) - retirement savings plan and 457(b) - deferred compensation plan for all employees. The Pool makes contributions into the 401(a) plan up to 10% of compensation. Employees may also make elective deferrals into either/both plans.

(5) Reinsurance recoverables:

Amounts recoverable from reinsurers are estimated based upon assumptions consistent with those used in establishing the liabilities related to the underlying reinsured coverage document. The Pool's management believes the recoverables are appropriately established. The Pool had reinsurance recoverable amounts from five third-party reinsurers.

	2025	2024
Contributions:

Ceded	(9,450,437)	(9,018,552)
Net losses incurred	<u>\$ 6,301,291</u>	<u>5,564,033</u>

The Pool has recorded reinsurance recoverables on paid losses from reinsurance companies of \$3,116,437 (September 30, 2025) and \$4,776,487 (September 30, 2024).

The Pool has recorded reinsurance recoverables on unpaid loss and loss adjustment expenses payable of \$13,038,017 (September 30, 2025) and \$9,812,035 (September 30, 2024).

The Pool has entered into quota share, stop loss and per occurrence reinsurance agreements. As part of a reinsurance agreement, the Pool has withheld \$25,000 from the balance payable to a reinsurer. At September 30, 2025 and 2024, the Pool had the funds withheld recorded as a liability.

The accompanying financial statements reflect the financial position and results of operations net of related reinsurance. To the extent that any reinsuring companies are unable to meet their obligations under the reinsurance agreements, the Pool would remain liable.

(6) Related party transactions:

LARM contracted with the League of Nebraska Municipalities for office space reimbursement and miscellaneous administrative services. The total amount paid to the League of Nebraska Municipalities was \$554,231 (September 30, 2025) and \$462,887 (September 30, 2024). The total amount of payables to the League of Nebraska Municipalities was \$11,151 (September 30, 2025) and \$5,172 (September 30, 2024).

See independent auditor's report.

(7) Self-insured retention:

The Pool retains responsibility for the payment of claims within specified self-insured retention limits prior to the application of coverage provided by the reinsurance contracts and excess insurance contracts.

The per-claim retention limit for the current coverage was as follows:

\$ 300,000	per occurrence	General Liability, Auto Liability, Police, Errors and Omissions
\$ 300,000	per occurrence	Public Official's Liability
\$ 100,000	per loss	Property, Auto Physical Damage
\$ 500,000	per occurrence	Wind and Hail Damage
\$ 750,000	per location and loss	Workers' Compensation

\$ 50,000	per occurrence	Cyber
\$ 10,000	per occurrence	Terrorism
\$ 500,000	per occurrence	Pollution
\$ 10,000	per occurrence	Deadly Weapons Response

(8) Retrospective assessments and credits:

Nine months following the close of the fiscal year and at annual intervals thereafter, the Pool may recalculate each member's retrospective premium or premium credit for the year.

No dividends were declared for the periods ended September 30, 2025 and 2024.

(9) Surplus:

Assets are reported under statutory accounting on an admitted assets basis. The non-admitted assets are excluded through a charge against surplus.

The portion of surplus represented or reduced by the following items are as follows:

	2025	2024
Non-admitted assets:		
Accounts receivable over		
90 days past due	\$ 1,766,598	-
Member balances receivable over

Investment in NLC	3,516,248	3,357,912
	<u>\$ 5,282,846</u>	<u>3,357,912</u>

(10) Commitments and contingencies:

From time to time, the Pool is involved in pending and threatened litigation in the normal course of business in which claims for monetary damages are asserted. In the opinion of management, the ultimate liability, if any, arising from such pending or threatened litigation is not expected to have a material effect on the results of operations, liability, or financial position of the Pool.

(11) Financial statement presentation:

Amounts for September 30, 2024 have been restated in some instances to conform with current statement presentation.

(12) Subsequent events:

The Pool evaluated subsequent events through November 25, 2025. There were no subsequent events that require disclosure and/or adjustments.

SUPPLEMENTAL INFORMATION

Independent Auditor's Report
on Supplemental Information

To the Board of Directors
League Association of Risk Management
Lincoln, Nebraska

We have audited the basic statutory-basis financial statements of League Association of Risk Management as of and for the years ended September 30, 2025 and 2024 and our report thereon dated November 25, 2025, which contained an unmodified opinion on the basic statutory-basis financial statements prepared in conformity with the financial reporting practices prescribed or permitted by the Insurance Department of the State of Nebraska. Our audit was performed for the purpose of forming an opinion on the basic statutory-basis financial statements taken as a whole. The reconciliation of unpaid claim liabilities and Schedule P information is presented for the purposes of additional analysis and is not a required part of the financial statements. Such information included in the schedules referred to above is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic statutory-basis financial statements taken as a whole.

Loss Development Information

September 30, 2025

The following tables illustrate how the Pool's earned revenues (net of reinsurance) and investment income compare to related costs of loss (net of loss assumed by reinsurers) and other expenses assumed by the Pool as of the end of each of the last twelve years. The rows of the tables are defined as follows:

1. Total of each fiscal year's earned contribution revenues and investment revenues.
2. Fiscal year's other operating costs of the Pool including overhead and claims expense not allocable to individual claims.
3. The Pool's fiscal year incurred losses and allocated loss adjustment expenses (both paid and accrued).
4. Cumulative amounts paid (net of reinsurance recoveries received) as of the end of successive years for each plan year.
5. Incurred losses, by plan year, increased or decreased as of the end of successive years. This annual reestimation results from new information received on known claims, reevaluation of existing information on known claims, as well as emergence of new claims not previously known.
6. Comparison of the latest reestimated incurred losses amount to the amount originally established (Line 3) and examines whether the latest estimate of claims cost is greater or less than originally booked.

As data for individual plan years mature, the correlation between original estimates and reestimated amounts is commonly used to evaluate the accuracy of incurred claims currently recognized in less mature plan years. The columns of the tables show data for successive plan years.
